

As a Pastor, here is how you can get involved:

- I. Assign a voter registration church coordinator who is motivated to get others registered to vote.
- II. Designate four weekends as “Citizen Sunday” to register voters.
- III. Give a sermon on a Christian’s civic responsibility to vote.
- IV. Ask those not registered to vote to raise their hand and distribute voter registration materials to them.
- V. Ask those who are registered to vote to fill out a vote at home form. *We have found that those who fill out a vote at home form are more likely to cast their vote than those who are only registered to vote.*
- VI. Have ushers collect the forms. *We have found that merely providing voter registration forms at the back of the church is not adequate. Taking additional measures is necessary for meaningful results.*
- VII. Bulletin inserts:
 - Distribute Register to Vote and Citizen Sunday bulletin inserts encouraging voter registration.
 - Distribute the enclosed bulletin inserts on Citizen Sunday and the last Sunday before Election Day.
